## Arkansas Academic Challenge Scholarship | ACST

High School Non-Traditional Students

The Arkansas Academic Challenge Program provides scholarships to Arkansas residents pursuing higher education. Funded in large part by the Arkansas Scholarship Lottery, the Arkansas Academic Challenge Scholarship is available to students regardless of their academic status, whether just graduating from high school, currently enrolled in college, enrolling in college for the first time, or re-enrolling after a period of time out of college.

### Who May Apply:

**Traditional Students** Students applying for the 2023-2024 academic year who are graduating from a public high school, a private or out-of-state high school, or home-school must have an ACT Superscore of at least a 19 (or an equivalent of a 19 composite on an equivalent test). Traditional students must enroll in at least 12 hours the first fall semester following high school graduation, and at least 15 hours each semester thereafter, to receive their funds that semester. They must complete at least 27 hours their first year, and at least 30 hours each year thereafter, with a 2.5 cumulative GPA. College Freshman who did not qualify for Academic Challenge Scholarship can apply as traditional students if they were enrolled as a full-time first-time freshman and completed 27 hours with a 2.5 GPA at the end of Spring. If they do not have 27 hours at the end of spring, they can apply as non-traditional. **Non-Traditional Students** are defined as students who are currently in college and did not receive Challenge, as well as adults who have completed some college but do not have a degree.

Non-traditional students with college hours will qualify with a cumulative college GPA of at least 2.5. Adults with no college can qualify for the Academic Challenge Scholarship if they have an ACT of 19 (or an equivalent score on an equivalent test) or 2.5 high school GPA if a graduate of an Arkansas public high school.
